

ROHS and WEEE COMPLIANCE STATEMENT

As a part of Epson's commitment to the environment we continuously work on improving the environmental performance of our products. Over the last years the focus of our environmental program has, amongst others, been focused on chemicals management and the recyclability of our products. The continuous efforts of our engineers will ensure that all our products meet the requirements of the European RoHS (2002/95/EC) and WEEE (2002/96/EC) Directives

Through this statement Epson Europe B.V. declares that all products that will be put on the market after 1st of July 2006 will be compliant with DIRECTIVE 2002/95/EC OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL of 27 January 2003 on the restriction of the use of certain hazardous substances in electrical and electronic equipment¹

Relating to DIRECTIVE 2002/96/EC OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL of 27 January 2003 on waste electrical and electronic equipment (WEEE), Epson Europe B.V. declares that its products put on the market after 13-08-2005 comply with the requirements of art 10 and 11 of the Directive relating to information for users and treatment facilities
